Six Flags, but globohomo has gained a strong foothold, and it's called One 🏳️‍🌈 Flag and the only ride is you wait 5 hours to blow a white to black F2M and have to pay $1000 mask leakage tax and tge $.0000000001 bitcoin stimulus is basically vaporware

I haven't spent a cent on a mask I just wait til someone gives me one. And I can't help but think about how much that has helped my capital and increased my equity.
